

## Blood Donation & World Blood Donor Day

As part of its community service, the Branch organised several blood donation campaigns in the State. This project is carried out by the Chapters at the local level to secure the support of members of the local community. Many kind-hearted people stepped forward to donate their blood to save the lives of those who need blood transfusion to recover from their injuries.

The SPT Chapter remained the most active Chapter for this blood donation programme. During the year the Chapter successfully organised 18 blood donation sessions and collected a total of 2,759 pints of blood for the government and private hospitals. At these sessions, participants were also encouraged to sign up and pledge their organs to help others. These sessions were made possible through the leadership of Mr. Ng Poh Heng, the Chapter's Sub-Committee Chairman of Blood Programme.

Seberang Perai Utara (SPU) Chapter collected a total of 854 pints of blood through four blood donation sessions organised throughout the year. Seberang Perai Selatan (SPS) Chapter organised five blood donation sessions and collected 400 pints of blood. In addition to this, the Branch and Island Chapter collected a total of 55 pints of blood and 421 of pints respectively.

### Blood Donation 2014
